

The Spiritual Reading & The Way of the Wyse Art

It has been a privilege to do this Spiritual Reading for you and we hope that it will enable you to understand your life and future path within a deeply spiritual context.

The Reading may not unlock all its secrets at one hearing, so our experience over many years has been to listen several times to absorb the deep content. In fact, since we change over time, you may find it helpful to listen to the Reading every few months for a while to perceive how this encounter with Spirit is unfolding within your life.

If other people feel they would like the same opportunity to experience spirit in this way, please direct them to www.realm-2.com and click on the Spiritual Reading link.

Spiritual perception – the power behind the Readings – is latent within every human being. Many people have asked the question, “How can I develop this perception myself?” To this end we have created three courses in spiritual development. They are known collectively as the *Way of the Wyse Art*.

The Wyse Art courses derive from the Western Esoteric Spiritual Tradition. The work begins with self-transformation and is completed with the chance to dedicate a life to uplifting the consciousness of the world.

If this sounds like something you could enter into, you can find more information at www.realm-2.com and click on the link “Way of the Wyse Art”.

We wish you much joy on your journey and a continuing revelation of gifts and purpose.
